CLASS INFORMATION

**SUMMER
2020**

Dear Camper,

Camp is almost here, and I'm really excited! It's going to be a wonderful year filled with blessings from above and I'm looking forward to seeing each one of you!

Before you jump into reading the class descriptions, here's a quick overview of how class registration works. You will take three classes for each week you attend: one Lifeskills class, one Outreach class, and one Recreation class. Class registration codes will be sent out according to the date we received your camp application. Which means the first camper who submitted their camp application can start choosing classes first. Class space is limited, so we encourage you to sign up right away!

Be sure to read the class descriptions completely before selecting your classes. They will help you decide which classes you want to take and what you need to bring for classes.

REGISTER ONLINE: Follow the link in the class registration email you will receive and use your class registration ID(s) to select the classes you would like to take for each week you're attending.

REGISTER BY MAIL: Use a Class Selection Sheet to mail in your class selections. You will need to list your first, second, and third choices, and return the selection sheet promptly to the camp office at: Young Disciple Camp, PO Box 400, Inchelium, WA 99138.

If you have any questions, please contact us at the camp office.
