

Young Disciple Youth Bible Camp

CLASS INFORMATION

**SUMMER
2022**

Dear Camper,

YD Camp is around the corner, and I'm very excited! It's going to be a wonderful year abundant with blessings and new experiences to share together.

Before you jump into reading the class descriptions, here's a quick overview of how class registration works. You will take three classes for the week you attend: one Lifeskills class, one Outreach class, and one Recreation class. Class registration codes will be sent out in order of the day we received your camp application, which means the camper who submitted their camp application first can start choosing classes first. Class space is limited, so we encourage you to sign up right away!

Be sure to read the class descriptions completely before selecting your classes. They will help you decide which classes you want to take and see what you need to bring for classes.

REGISTER ONLINE: Follow the link in the class registration email you will receive and use your class registration ID to select the classes you would like to take.

REGISTER BY MAIL: If you are unable to register online, you may request a Class Registration Sheet which will allow you to mail in your class selections. You will need to list your first, second, and third choices, and return the selection sheet promptly to the camp office.

If you have any questions, please contact the camp office.
